little more forbaniune on the part of lodies: I even when they are in the right. If may be disappointed in love, to learn that the statistics of madhomes do yoo bear out their romantic theory. One should be sorry to agrive at the ungallant conduction that the chances of a man prending cane are lessened by merriage; but the right should be sorry to agrive at the ungallant conduction that the chances of a man prending cane are lessened by merriage; but the right should be sorry to agrive at the ungallant conduction of the should be sorry to agrive at the patients admitted was to the unimarried as 125 to 94. It is not melanchoty fruth that the improved method of treating the insance has not been attended with any very great increase in the number of curse. There appears to be but a very small chance of recovery whom the discess has become chronic. The percentage of recoveries is in inverse ratio to the duration of the malout, and in cases of long standing it is very small placed. Excess we define the conduction of the malout, and in cases of long standing it is very small placed. Excess we deliberate the state of the state of the percentage of many years in the treatment of such asset, does not think there are more than SS of them curable. "What I the treatment of such asset, does not think there are more than SS of them curable." The answer is easily given. It not only lessant the mortality of the poor insure, but it improves and affords curably happy. To suppose that an insure person does not reason in an error which as hours visit to eath of such as a state of the sall, the calculations when the such as a state of the sall. This indicates were all advisitions to intend the very dangerous. As we well remarked by one of our great personologista, their promises approach does not reason in an error which as nour yield to such as a state of the sall. I have been been been closery than the was passing through the recommendant by a state of the sall to an out to the sall gill. Additionally a state of the sall gill. Ad	tf 29	as the result of a quarrel between mistress and
appointing to those novel writers who always make their heromes guard when disappointed in love, to learn that the statistics of madhouses do who be act wit beit romantic theory. One should be corry to agrive at the ungallant conducion that the chances of a man promising cano are lessened by merriage; but the right should be served by manner of married female patients admitted cancelly balanced that of the binds in 1845 the unmarried mas 125 to 94. It is not made and the conduction of the married mas 126 to 94. It is not made and the conduction of the married mas 126 to 94. It is not made and the conduction of the married mas 126 to 94. It is not made and the conduction of the malout, and in cases of long standing it is very small chance of recovery whom the discost has become chronic. The percentage of recoveries is in inverse rution to the duration of the malout, and in cases of long standing it is very small chance of recovery whom the discost has become chronic. The percentage of recoveries in in inverse rution to the duration of the malout, and in cases of long standing it is very small chance of recovery whom the discost has been discostly and chlorate system of treatment really effect? The masser is easily given. It not only lossens the mortality of the poor insues, but it improves and affords country to all of them, and readers a very large proportion of the entire number comparatively chappy. To suppose that an insue person does not reason in an error which an about visit to enter a case in the cancel with the conclusions they draw from them are right. It is, however, the much the custom of such percentage of the ball, the contained the charge of the conductions they draw from them are right. It is, however, the much the custom of such percentage of the conduction of the case of the conduction of the conduct	TRO	little more forbearance on the part of ladies.
in lowe, to learn that the statistics of midhouses do yoo bear out their romantic theory. Onselvould be sorry to agrive at the ungallant conclusion that the chances of a man promining cance are lessened by marriage; but the rigid Biffurers of the Coliney Hatch books show that while in 1845 the cumber of married female pittings admitted conclusive hatch books show that while in 1845 the mumber of married female pittings admitted conclusive hatch show that while in 1845 the mumber of incating the insure has not been attended with any very great increves in the number of curse. There appears to be but a very small chance of recovery whom the discuss has become chronic. The percentage of recoveries is in inverse ratio to the duration of the misky, and in cases of long etaming it is very small indeed. There are at this moment over 800 female hundres at Colney Hatch, and the medical superintendent, jodging after an experience of many years in the treatment of such cases, does not think there are more than 38 of them cursible. What there is made to superintendent, individually of the poor insule, that are readers and the more than 38 of them cursible. What the army the comparatively attempt of the poor insule, that are readers and the more than 38 of them cursible. What the army the proportion of the entire number comparatively above. To suppose that an insure person does not reason its an error which an boury visit to such an establishment as Colney Hatch is sufficient to dispel. The insure labour visit to such an establishment as Colney Hatch is sufficient to dispel. The insure labour visit to such an establishment and often very dangerous. As way well remarked by one of our great psychologicits, their promises are wrong, but the occupancy of the poor whom a recipit, the promises are wrong, but the colony in the poor days of the promises and the promises are probably to the poor day of the custom of same people to conclude that because a labour with the processed of the processed of the processed of the processed of	the	appointing to those novel writers who always
clusion that the chances of a man remaining became are lessened by merriage; but the rigid figures of the Colney Hatch books show that white in 1845 the number of married may that white in 1845 the number of married may that white in 1845 the number of married may that the single, the number of married may be single, the number of married may be according to the inspect that improved method of treating the insane has not been attended with any very great increase in the number of curse. These appears to be but a very small chance of recovery whom the discuss has become of recovery whom the discuss has become orironic. The percentage of recoveries is in inverse ratio to the duration of the maloty, and in cases of long standing it is very soon to the latent of the control of th	The ofty	in love, to learn that the statistics of madhouses do not bear out their romantic theory. One
singures of the Colney Hatch books show that while in 1845 the number of married female patients admitted exactly bulanced that of the single, the number of married male patients admitted was to the unmarried as 126 to 38. It is not all the collection of the married male 126 to 38. It is not exactly fruit that the improved melted of treating the married as 126 to 38. It is not exactly fruit that the improved melted of treating the married as 126 to 38. It is not exactly fruit that the improved melted of recovery whom the discover has become chronic. The percentage of recoveries is in inverse ratio to the duration of the maley, and in cases of long standing it is very small chance of recovery whom the discover has the collection of the maley, and in cases of long standing it is very small chance of recovery with the collection of the married of the collection of many years in the treatment of such cases, does not think there are more than 38 of them curable. "What the the treatment of such cases, does not think there are more than 38 of them curable, "What the treatment of such cases, does not find them, and readers a very large proportion of the enthies number comparatively chapty." To suppose that an insure person does not reason is an error which an abour visit to such an establishment as Colney Hatch is sufficient to dispel. The insure labour visit to such an establishment as Colney Hatch is sufficient to dispel. The insure labour visit the out of our great psychologist, their promises are wrong, but the cocalion and order her the contract of the such as the contract o	The ining	clusion that the chances of a man remaining
patients admitted cancily balanced that of the single, the number of numeried mas 128 to 94. It is not mile that the improved method of treating the insance has not been attended with any very great increase in the number of curse. There appears to be but a very small chance of recovery whom the disease has become chronic. The percentage of recoveries is in inverse ratio to the duration of the makely, and in cases of long etanding it is very small indeed. There are at this moment over 800 female invations at Colney Hatch, and the medical superintendent, jodging after an experience of many years in the treatment of such cases; does not think there are more than 38 of them curable. What, then," it may be exict, "does this costly effect?" The nanwer is easily given. It not only leasten and fichorate system of treatment really effect?" The nanwer is easily given. It not only leasten and affords construction of the entire number of the mortality of the poor insus, but an insure person does not reason it am error which an hours' widt to such ap establishment as Colney Hitch is sufficient to dispol. The insane labour widt to such ap establishment as Colney Hitch is sufficient to dispol. The insane labour widt to such ap establishment as Colney Hitch is sufficient to dispol. The insane labour widt to such ap establishment as Colney Hitch is sufficient to dispol. The insane labour widt to such ap establishment as Colney Hitch is sufficient to dispol. The insane labour widt to such ap establishment as Colney Hitch is sufficient to dispol. The insane almost any reasoning facelity worthy the name of mind. There is a poor woman at Colney Hatch now who imagines herself a flay personage. The other hands are perpleted to conclude that such contextain and any to the context and admit to the personal disposance of the most layer of the context and admit to the personal disposance of the most layer of the context in the contex	orer On iry I	figures of the Colney Hatch books show that
mitted was to the unimarried as 126 to 98. It is as an elanchy freith that the improved method of treating the insane has not been attended with any very when the disease has become chronic. The percentage of recoveries is in inverse ratio to the drawtin of the mulely, and in cases of long etanding it is very small indeed. There are this moment over 800 female, lunatics at Colney Hatch, and the medical superintendent, judging after an experience of many years in the treatment of such cases, dues not think there are more than \$3 of them curable. "What, then," it may be asked." Goes this costly and diaborate system of treatment really effect? The answer is easily given. It not only leasens the mortality of the poor insane, but it improves and affords conclort to all of them, and renders a very lawe proportion of the endite number comparatively happy. To suppose that an insane person does not reason is an entire under comparatively happy. To suppose that an insane person does not reason is an entire under configuratively happy. To suppose that an insane person does not reason is an entire under comparatively happy. To suppose that an insane person does not reason is an entire under comparatively happy. To suppose that an insane person does not reason is an entire that the conditions that the many reason in against the season is a forth of the many of the conditions that the conditions that the conditions that the condition is an entire of the many reason in the reason of the many people who spend their lives here. Now, such recreations should be repeated and the top of the person whom the people who spend their lives here. Now, such recreations should be farfored to all classes, and I only regret that the Prince. Whose wife I am is not here to witness the sight." This afflicted woman is insuce in thinking sho is a Princess, and, cousespendly, comments the person whom the supposes hereaff to be, any more than any ser	гезиц The	patients admitted exactly balanced that of the
treating the insane has not been attended with any very great increase in the number of cures. There appears to be but a very small chance of recovery when the disease has become chronic. The percentage of recoveries is in inverse ratio to the draration of the mulcely, and in cases of long etanding it is very small indeed. There are it this moment over 800 female lunatics at Colney Hatch, and the medical superintendent, judging after an experience of many years in the treatment of such cases, does not think there are more than SS of them curable. "What, then," it may be asked." Goes this costly and dibbrate system of treatment really effect? The answer is easily given. It not only leasans the mortality of the poor insane, but it improves and affords curcifort to all of them, and renders a very lauge proportion of the endine number comparatively, happy. To suppose that an insane passon does not reason in an error which an bours' visit to anch an establishment as Colney Hatch is sufficient to disped. The insane isbour under delusions usually very absurd and often very dangerous. As who well remarked by one of our great populoiogists, their promises are wrong, but the conclusions they draw from them, are right. It is, however, too much the custom of same people to conclude that because in the order of the many recommenders. The poor woman could not be permitted to attend, but the occasion afforded but the precise of the precise of the custom and the precise of a proper would, and the precise of the custom in this howse for the entertainment of the many people who spend their lives here. Now, such recreations should be afforded to all classes, and I only regret that the Prince, whose wife I am is not here to witness the sight." This afflicted woman is insuce in thinking sho is a Princess, and, cousespently, common the subject of the ball. In the same ward a patient, who is seruminostly nead in the precise of this gentleman, though I have not much lope of any good result. This institution is intended for longituding	oms, Wat	mitted was to the unmarried as 126 to 94. It is a melancholy truth that the improved method of
recovery when the disease has become chronic. The perentage of recoveries is in inverse ratio to the duration of the mulady, and in cases of long etamling its very small indeal. There are not this moment over 800 female lunation at 12 claney Hatch, and the medical superintendent, judging after an experience of many years in the treatment of such axes, daes not blunk there are more than 38 of them curable. "What, then," it may be asked, "does this costly and chlorate system of treatment really effect?" The naswer is easily given. It not only lossans the mortality of the poor insane, but it improves and inforced conferred to all of them, and renders a very large proportion of the entire number comparatively shappy. To suppose that an insane person does not reason is an error which an houry' visit to such any establishment as Colney Hatch is sufficient to dispel. The insane shour under delusions usually very aburd and often very dangerous. As was well remarked by one of our great person imagines he is aking or the victim of some oppression therefore he is an idiot, and without any reasoning faculty worthy the name of mind. There is a poor woman at Onley Hatch now who imagines herself a Royal personage. The oblar day at fleatrical performance and a ball took place there for between 600 and 700 of the inmarked who could be present at such centraliments. This poor woman a tolliney Hatch now who imagines herself a Royal personage. The oblar day at fleatrical performance and he begreated to be presented to a term, but the cocasion afforded to all chases, and I only regret that the Prince, whose wife I am in not bore to witness the sight." This affitted to attend, but he beautiful the importance of a gentleman by whom he was accompanied. She then proceeded — "Now, such recommon is insue in thinking ehe in a Princess, and, cousepathly, counts and person outputs of the bull. bog standing its very sized! indeed. There are at this moment over 800 female lunaties at Colney Hatch, and the medical superintendent, judging after an experience of many years in the treatment of such saves, daes not blink there are more than 38 of them curable. "What, then," it may be asked, "does this costly and chlorate system of treatment really effect?" The naswer is easily given. It not only lessans the mortality of the poor insane, but it improves and affords courfort to all of them, and renders a very large proportion of the entire number comparatively shappy. To suppose that an insane person does not reason is an error which an hours' with to such any establishment as Colney Hatch is sufficient to dispel. The insane labour under delusions usually very absurd and often very dangerous. As was well remarked by one of our great person in against the two conclude that because in nearch person in against his sufficient to dispel. The insane labour under delusions usually very absurd and other very dangerous. As was well remarked by one of our great persons, at king or the writing of our great persons, and the conclusions they draw from them experson in therefore he is an idiot, and without any reasoning faculty worthy the name of mind. There is a poor woman at Onley Hatch now who imagines herself a Royal personage. The obline day at fleatrical performance and a ball took place there for between 600 and 700 of the inmatter who could be present at such contrations and in this house for the entertainment of the many people who spend their lives hore. Now, such recreations should be faffored to all classes, and I only regret that the Prince, whose wife I am in not hore to witness the sight." This afflicted woman is insued for any result of the proposed them. Now, such recrease of a gentleman by whom he was accompanied. She then proceeded — "Now, and recreasing the two was an and to my love the proposed the winds to have a word of the most of the word of the contral the winds of the proposed the proposed to the	t f 13	recovery when the disease has become chronic.
in this moment over 800 female lunaties at Colney Hatch, and the medical special receipts of many years in the treatment of such cases, daen on think there are more than \$3 of them curable. "What then," It may be asked, "does this coestly and daborate system of treatment really effect?" The nawer is easily given. It not only leasanthe mortality of the poor inscure but it improves and anterest a certain the mortality of the poor inscure but it improves and anterest in the control of the entire number comparatively happy. To suppose that an insure years of cost not reason is an error which an bound visit to an extending a stablishment as Colney Hatch is sufficient to dispol. The insane labour under delations usually very absurd and often very dangerous. As was well remarked by one of our great peychologists, their promises are wrong, but the conclusions they draw from them are right. It is, koweyer, too much the contour any reasoning faculty worthy the name of mind. There is a poor woman at Colney Hatch now who imagines herself a Boyd personage. The observator, and a bull took place there for between 600 and 700 of the immates who could be present as such contrationments. This poor woman could not be permitted to attend, but the coasion affored her the greatest delight. Addressing a geutleman who was passing through her ward, she said: "I cannot bell you how pleased I am this evening. You are ware, probably, that there is a ball in this house for the entertainment of the many people who spend their lives here. Now, such recreations should be afforded to all classes, and I only regret that the lives here. Now, and recreations should be afforded to all classes, and I only regret that the lives here. Now, and recreations a boundary who may be a support to the such and proper to the probably the continuity of the probably the proper whom the supposes herself to be, any more than would have been her observations on the subject of the probably the probably the probably the probably the probably the probably the probabl	E	to the duration of the mulady, and in cases of
judging after an experience of many years in the treatment of such cases, daes not think there are more than \$S\$ of them curable. "What, then," it may be asked, "does this costly and claborate system of treatment really effect?" The nawer is easily given. It not only leasans the mortality of the poor inscare but it improves an arranger search of the entire number comparatively chappy. To suppose that en insure guzzon does not reason is an error which as bours' visit to such an establishment as Colong Hatch is sufficient to dispel. The insure latour under delations, usually, very absurd and often very dangerous. As was well remarked by one of our great psychologists, their promises are wrong, but the conclusions they draw from them are right. It is, however, too much the castom of same people to conclude that because an usance person imagines he is a king or the victim of some oppression therefore he is an citic, and without any reasoning faculty worthy the name of mind. There is a poor woman are Colong Hatch now who imagines herself a Royal personage. The other day at Hestarical performance and a bull took place there for between 600 and 700 of the immates who could be present as such carterial ments. This poor woman could not be permitted to attend, but the cocasion affored her the greatest delight. Addressing a geutleman who was passing through her ward, she said: "It cannot tell you how pleased I am this evening. You are ware, probably, that there is a ball in this house for the entertainment of the many people who spend their lives here. Now, and recreations should be afforded to all classes, and I only regret that the Irince, whose wife I am in to here to witness the sight." This afflicted woman is insure in thinking sho is a Princess, and, consequently, committe all sorts of absurdities for a networn her reposed to the many people who spend their lives here. Now, doctor, I have any mind the prince who was passing through the prince who was passing through the wish of the second this work of the interest t	k. 1	at this moment over 800 female lunatics at
are more than SS of them curable. "What, then," it may be asked, "does this costly and claborate system of treatment really effect?" The nawer is easily given. It not only loseshas the mortality of the poor inscure but it improves an arranger comparatively happy. To suppose that an insure purson does not reason in an error which an bourd visit to such an extant an error which an bourd visit to such an extant an error which an bourd visit to such an extant and often very dangerous. As was well remarked by one of our great peychologicist, their promises are wrong, but the conclude that because an usance person imagines he is a king or the victim of some oppression therefore he is an citic, and without any reasoning faculty worthy the name of mind. There is a poor woman at Colney Hatch now who imagines herself a Boyd personage. Theother day at fleatrical performance and a ball took place there for between 600 and 700 of the immates who could be present as such cartrainment. This poor woman could not be permitted to attend, but the coasion afforded her the greatest delight. Addressing a geutleman who was passing through her ward, she said: "I cannot bell you how pleased I am his evening. You are sware, probably, that there is a ball in this howse for the entertainment of the many people who upend their lives here: Now, such recreations should be afforded to all classes, and I only regret that the Prince, whose wife I am, is not here to witness the sight." This afflicted woman is insuce in thinking she is a Princess, and, coaseguently, commits all scott of abarried would not be absurdable to the process whom she supposes herself to be, any more than would have been here observations on the subject of the ball. In the same ward a patient, who is assumboutly nead in her personal Appearance and hot for the ward, and yet here am I, a perfectly sane woman, domed to spend my existence among a set of mad people. Is that right? I have not much hope of any good result. This institution is intended for hundred to be a subject	lf 27	judging after an experience of many years in
The answer is easily given. It not only besens the mortality of the poor insure, but it improves and affords corriort to all of them, and renders a very laws proportion of the entire number outparatively chapty. To suppose that an insure person does not reason in an error which are hourd visit to such an extablishment as Colney Hatch is sufficient to dispel. The insure about runder delusions usually, very about and often very dangerous. As was well remarked by one of our great psychologiets, their promises are wrong, but the conclusions they draw from them, are right. It is, however, too much the custom of same people to conclude that because an insure operaon imagines he is a king or the victim of some oppression therefore he is an idiot, and without any reasoning faculty worthy the name of mind. There is a poor woman at Colney Hatch now who imagines herself a Royal personage. The other day at fleatrical performance and a ball took place there for between 600 and 700 of the innates who could be present at such entertainments. This poor woman could not be permitted to attend, but the occasion afforded her the greatest delight. Addressing a geutleman who was passing through her ward, she said: "I cannob tell you how pleased I am this evening. You are aware, probably, that there is a ball in this house for the entertainment of the many people who spend their lives here. Now, such reservations should be afforded to all classes, and I only regret that the Irince, whose wife I am is not here to winess the sight." This afflicted woman is insure in thinking sho is a Princess; and, consequently, commutes all sorts of absurdities for a nerson in her personal appearance on the senting the property. I chaimed the proceeded in the way would not be absurdities in the presented to see any and in the property. I chaimed the property is the property. I chaimed the property is a produced to the property of the most charge of the provided to look the property. I chaimed the provided the provided the provided the provided the pro	MHE L o	ave more than 38 of them curable. "What, then," it may be asked. "does this costly and
and affords confort to all of them, and renders a very large proportion of the entire number comparatively happy. To suppose that an instance person does not reason is an error which an hours' visit to such an establishment as Colney Hatch is sufficient to dispol. The insane shour under delusions usually very absurd and often very dangeroin. As was well remarked by one of our great psychologists, their promises are wrong, but the conclusions they draw from them are right. It is, however, too much the custom of same people to conclude that because an insanc person imagines he is a king or the victim of some oppression therefore he is an idiot, and without any reasoning faculty worthy the name of mind. There is a poor woman at Colney Hatch now who imagines herself a Boyd personage. The other day a lifestrical performance and a ball took place there for between 600 and 700 of the immates who could be present at such contextiuments. This poor woman could not be permitted to attend, but the occasion afforded her the greatest delight. Addressing a geutleman who was passing through her ward, she said: "I cannot tell you how pleased I am this evening. You are toware, probably, that there is a ball in this house for the entertainment of the many people who spend their lives here. Now, and to a present demand adville in her greated a patient, who was passing through her ward, she said: "I cannot tell you how pleased I am this evening the proposed to be a proposed woman is insuned in thinking she is a Princes, and, consequently, commute all sorts of absurdities for a berson in her real position; but her would have been her observations on the subject of the hill. In the same ward a patient, who was companied to have a word or two with the doctor is presence of a gentleman by whom he was a companied. The many times apoken to you on a collect which I will renew in presence of this gentleman by whom he was ended to the will be a proposed to the word of the many times apoken to you and the word of the many times apoken to you	g of :	The answer is easily given: It not only lessens
comparatively happy. To suppose that an insure person does not reason is an error which an hours' visit to such an establishment as Colnay Hatch is sufficient to dispel. The insune shour under delusions usually very absurd and often very dangerois. As was well remarked by one of our great psychologists, their promises are wrong, but the conclusions they draw from them are right. It is, however, too much the custom of same people to conclude that because an insune person imagines he is a king or the victim of some oppression therefore he is an idiot, and without any reasoning faculty worthy the name of mind. There is a poor woman at Colney Hatch now who imagines herself a Boyd personage. Theother day a lifestrical performance and a ball took place there for between 600 and 700 of the immates who could be present at such contextainment. This poor woman could not be permitted to attend, but the occasion afforded her the greakest delight. Addressing a geutleman who was passing through her ward, she said: "I raise house for the entertainment of the many people who spend ther lives here: Now, such recreations should be afforded to all classes, and I only regret that the Prince, whose wife I am is not here to witness the sight." This afflicted woman is meant in thinking sho is a Princess, and, consequently, commits all sorts of absurdities for a person in her real position, but they would not be absurdities in the person whom she supposes herself to be, any more than would have been her observations on the subject of the hell. In the same ward a patient, who is seminiously near in her personal Appearance and ladylike in her general demeanour, said she wished to have a word or two with the door would have been her observations on the subject of the hell. If it has a ment of the person in her real position, but for your of the best proceeded:—" Now doctor, I have many times spoken to you on a subject which I will receive in presence of this consequency. I claimed it because it was mine, but I am it is a subject which I	The cors	and affords comfort to all of them, and renders
bours' visit to such an establishment as Colney Hutch is sufficient to disped. The insane shour under delusions usually very absurd and often very dangerois. As was well remarked by one of our great psychologists, their promises are wrong, but the conclusions they draw from them are right. It is, however, too much the custom of same people to conclude that because an insance person imagines he is a king or the victim of some oppression therefore he is an idiot, and without any reasoning faculty worthy the name of mind. There is a poor woman at Colney Hatch now who imagines herself a Boyd personage. Theother day a lifeatrical performance and a ball took place there for between 600 and 700 of the immates who could be present at such contextainments. This poor woman could not be permitted to attend, but the occasion afforded her the greakest delight. Addressing a geutleman who was passing through her ward, she said: "I cannot tell you how pleased I am this evening. You are covere, probably, that there is a ball in this house for the entertainment of the many people who spend their lives here. Now, such recreations should be afforded to all classes, and I only regret that the Prince, whose wife I am is not here to witness the sight." This afflicted woman is inguate in thinking sho is a Princesson, consequently, commits all sorts of absurdities for a person in her real position, but they would not be absurdities in the person whom she rupposes herself to be, any more than would have been her observations on the subject of the ball. In the same ward a patient, who is semuniously neat in her personal Appearance and ladylike in her general demeanour, said she wished to have a word or two with the door with the door in presence of a gentleman by whom he was accompanied. She then proceeded:—"Now doctor, I have many times apole for hor. The same and it is continued to the part of the principal she with a pady, and nearly succeeded in without a pady, and nearly succeeded in killing her. This institution is intended for lunatics and not for the same, and yet here am I a perfectly sane women, doomed to spend my existence among a set of mad people. Is that right? I had a good deal of trouble about property. I claimed it because it was mine, but I am willing to give up all thoughts of that, and fo earn my bread in a humble manner, or even to throw myself on the parish should I fail earning it, so that you give me my discharge. I have a right to it because I am sane." She delivered this very collected little cration in a manner well calculated to impress anyone with the idea that a madhouse was not the place for her. But this woman is one of the most dangerous lunatics in the establishment. Her manic is homicidal. Occasionally she imagines that some particular individual is the incarnation of all that is evil, and that such person ought to be pitt an end to; and, acting on this delusion, she actually made a murderous assault on another woman with a pady, and early succeeded in killing her. But there is a still more curious case at Colney Hatch. It is that of a male patient, who, many years ago, was one of the most active of the Edgeware road murder, for which Greenacre w	ro t f. 6 9	this house for the entertainment of the many
is not here to witness the sight." This afflicted woman is incane in thinking sho is a Princess, and, consequently, commute all sorts of absurdities for a person in her real position, but they would not be absurdities; in the person whom she supposes herself to be, any more than would have been her observations on the subject of the ball. In the same ward a patient, who is scrupplously neat in her personal appearance and ladylike in her general demeanour, said she wished to have a word or two with the doctor in presence of a gentleman by whom he was accompanied. She then proceeded:— "Now, doctor, I have many times apoken to you on a subject which I will renew in presence of this gentleman, though I have not much hope of any good result. This institution is intended for lunatics and not for the same, and yet here am I, a perfectly same women, doomed to spend my existence among a set of mad people. Is that right? I had a good deal of trouble about property. I chimied it because it was mine, but I am willing to give up all thoughts of that, and to carn my bread in a humble manner, or even to throw myself on the parish should I fail earning it, so that you give me my discharge. I have a right to it because I am same." She delivered this very collected little cration in a manner well calculated to impress snyone with the idea that a madhouse was not the place for her. But this woman is one of the most dangerous lunaties in the establishment. Her mania is homicidal. Occasionally she imagines that some particular individual is the incarnation of all that is evil, and that such person ought to be pit an end to; and, acting on this delusion, she actually made a murderous assault on another woman with a spady, and nearly succeeded in killing her. But there is a cill more curious case at Gohey Hatch. It is that of a male patient, who, many years ago, was once of the most active of the Blow-street officers. He took a leading part in the arrest of the Cato atreet conspirators, and was engaged in unrawelling the mysteries of	, * * ;,	recreations should be afforded to all classes, and I only regret that the Prince, whose wife I am.
dities for a person in her real position, but they would not be absurdities in the person whom she supposes heraelf to be, any more than would have been her observations on the subject of the hall. In the same ward a patient, who is scrumbloustly near in her personal appearance and ladylike in her general demeanour, said she wished to have a word or two with the doctor in presence of agentleman by whom he was accompanied. She then proceeded:—"Now, doctor, I have many times apoken to you on a subject which I will renew in presence of this gentleman, though I have not much hope of any good result. This institution is intended for lonatics and not for the sane, and yet here am I, a perfectly sane women, doomed to spend my existence among a set of mad people. Is that for many bread in a humble manner, or even to throw myself on the parish should I fail earning it, so that you give me my discharge. I have a right to it because I am sane." She delivered this very collected little cration in a manner well calculated to impress anyone with the idea or relative to its present that a madhouse was not the place for her. But this woman is one of the most dangerous lunatics in the establishment. Her mania is homicidal. Occasionally she imagines that some particular individual is the incarnation of all that is will, and that such person ought to be put and my that a padd; and nearly succeeded in killing her. But there is a still more curious case at Colney Hatch. It is that of a male patient, who, many years ago, was one of the most active of the Bow street officers. He took a leading part in the arrest of the Cato street conspirators, and was engaged in unrawelling the mysteries of the Edgeware road murder, for which Greenaere was subsequently executed. This man is perfectly rational on most points, though subject to some delusions. He cannot be allowed to touch drink, but for this he might be permitted to go at large. One day he begged hard for permission to visit the city, and an attendant was told off to accompany him. T	T RA	is not here to witness the sight." This afflicted woman is insane in thinking she is a Princess.

This man is perfectly rational on most points, though subject to some delusions. He cannot be allowed to touch drink; but for this he might be permitted to go at large. One day he begged hard for permission to visit the city, and an attendant was told off to accompany him. The pair got tipsy: but the ex-Bow-street officer, being the steadier of the two, took his keeper into custody, conducted him to Worship-street police-station, and there had him locked up on a charge of being drunk and incapable. He represented to the asylum, that his prisoner was a patient who had been sent out in his charge, and that, notwith standing the utmost vigilance on his part, the young man had succeeded in getting intoxicated. Having imprisoned his custodian he forthwith returned to Colney Hatch, where he reported that to protect him from harm he had been obliged to lock him up.—Times.	ΠΉΙ	But there is a still more curious case at Colney
Edgeware road murder, for which Greenacre was subsequently executed. This man is perfectly rational on most points, though subject to some delusions. He cannot be allowed to touch drink; but for this he might be permitted to go at large. One day he begged hard for permission to visit the city, and an attendant was told off to accompany him. The pair got tipsy; but the ex-Bow-street officer, being the steadier of the two, took his keeper into custody, conducted him to Worship street police-station, and there had him locked up on a charge of being drunk and incapable. He represented to the police that he was one of the warders of the asylum, that his prisoner was a patient who had been sent out in his charge, and that, notwithstanding the utmost vigilance on his part, the young man had succeeded in getting intoxicated. Having imprisoned his custodian he forthwith returned to Colney Hatch, where he reported that to protect him from harm he had been obliged to lock him up:—Times.
